EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 20 and 21 to the non-elected invention without traverse. Accordingly, claims 20 and 21 been cancelled.

Allowable Subject Matter

3. Claims 1, 2 and 4-19 are allowed over prior art of record.

Reasons for Allowance

4. The following is an examiner's statement of reasons for allowance:

The prior art of record neither anticipates nor renders obvious the claimed subject matter of the instant application as a whole either taken alone or in combination, in particular, prior art of record does not teach "performing a first plasma etch process to remove substantially said second mask; performing a second plasma etch process to remove substantially said first mask; and performing a third plasma etch process to remove completely said second mask such that a remaining portion of said first mask defines said first and second spacers; and performing a single implant process to form said triple LDD structure for a drain and a source of said semiconductor device in said semiconductor substrate," as recited in claim 1 and "performing a first plasma etch process to remove substantially said second mask; performing a second plasma etch process to remove substantially said first mask; performing a third plasma etch process to

remove completely said second mask such that a remaining portion of said first mask defines a first spacer adjacent to said first vertical surface and a second spacer adjacent to said second vertical surface, wherein said first spacer has a first thickness and a second thickness that is greater than said first thickness and that abuts said first vertical surface, and wherein said second spacer has a third thickness and a fourth thickness that is greater than said third thickness and that abuts said second vertical surface; and performing an implant process to form said triple LDD structure for a drain and a source of said semiconductor device in said semiconductor substrate,” as recited in claim 11.

Claims 2, 4-10 and 12-19 are also allowed as being dependent of the allowed independent base claim.

Conclusion

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
